## Geography Lesson Plan- Session 2023-24 BA 2<sup>nd</sup> 3<sup>rd</sup> Semester

		Name of the Topic covered or to be covered
1	21-29 July 2023	Chapter 1 Weather and Climate. Difference between weather,
		climate and season, elements of weather and Climate.
		Importance of weather and climate on earth surface.
		Chapter 2: Composition of Atmosphere
2		Structure of Atmosphere, functioning and importance of
		different layers of atmosphere.
3		Isolation and factors affecting isolation. Heat Budget.
		latitudinal heat balance
4		Class Tests
5	31 July – 25Aug 2023	Class Test and Revision of Important aspects
6		Difference between heat and temperature, factors affecting
		temperature, distribution of temperature horizontal and vertical
7		Air Pressure and Difference pressure belts on earth surface
8		Class Tests
9	9-12 Aug 2023	Factors affecting wind pattern
10		Atmospheric pressure, its measurement and different factors
		affecting air pressure
11		Wind, Different types of winds
12	27Aug-31 Aug 2023	Humidity in Atmosphere: Types
13		Evaporation, Condensation and Precipitation
14		Types of rainfall and types of Clouds
15		Air mass And fronts
16		Class Tests
17	1 Sept 2023 to 09-Sept 2023	Cyclones: Meaning, nature and different types
18		Climatic classification : Koppen Classification
19		Climate change and Global Warming
20		Oceanic relief: Pacific, Atlantic and Indian Ocean
,21		Oceanic dynamism: Wave and Tsunami
22	10-23 Sept 2023	Tides and Oceanic Currents
23		Oceanic Resources
24		Revision and Tests
		the second secon
	_	The second secon
		The second secon

## Geography Lesson Plan BA (3<sup>rd</sup> Year) 5th Semester

Month/ Week	Topic Covered
21-29 July 2023	Meaning, Definition of Economic Geography
	Scope of Economic Geography, Definition of
	Economic Activities
	Its Relation Ship with other Social Sciences
	CLASS TEST NO 1
31 July - 08 Aug 2023	Classification of Economic Activities
	Primary Activities and their Type
	Secondary activities and types
	Tertiary, quantify and quinary activities and
	differences
9-12 Aug 2023	Meaning and Nature of resources
	Classification of resources
	Resource and Development
14-25 Aug 2023	Biotic Resources: Forests, Grasslands Fisheries
	A biotic Resources: Water, Mineral Resources,
	Conservation of Resources
	CLASS TEST NO 2
27Aug-31 Aug 2023	Meaning and Nature of Agriculture
	Classification and Characteristics of Agriculture
	Cultivations of Wheat, Rice, Sugarcane Tea,
	coffee and Rubber
1 Sept 2023 to 09-Sept 2023	Mineral Resources and Classification
	Iron ore, Coal, Petroleum, Natural Gas
	CLASS TEST NO 3
10-23 Sept 2023	Manufacturing Industries: theory and concept
	Factors affecting industries
	Classification of Industries
	CLASS TEST NO 4
26- Sept -15 Oct 2023	Textile industry, Industrial regions
,	Modes of transport and their significance
	Communication
	Transcontinental railways
	Oceanic Routes
	Air Ways
	CLASS TEST NO 5
18 Oct- 04 Nov 2023	International trade
	Quantum, direction and composition
05 Nov onwards till Examinations	Revision Classes
	Revision Classes
	Revision Classes
	Revision Classes
